do by Bremen or Hamburg mail, 16 cents half ounce.

do by French mail, 28 cents quarter ounce, 56 cents half ounce.

To Low Rates for Newspapers and Periodicals.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscription.

2. In order to prevent the discontinuance of their papers, the publisher may continue to send them until all arrearages are paid, and subscribers are responsible until the notice is sent.

3. If subscribers neglect or refuse to take their papers from the office to which they are directed, they are held responsible till they have settled their bills, and ordered their papers discontinued.

4. The Courts have decided that a refusal to take a newspaper or periodical from the Post Office, or without removing it from the office, and calling for it, is prima facie evidence of intentional fraud.

5. Subscribers to newspapers or periodicals in this state are able to pay so long as the paper or periodical may be sent to the residence of the person at the time of subscription, unless notice in writing of such removal to the publication office.

Eclectic Magazine for 1859,

GREAT ARTISTIC ATTRACTION.

29 *Beautiful Portraits in January Number!*

To all Lovers of Choice Reading.

1. Your attention is respectfully invited to the character, contents, portrait embellishments, and sterling literary value of THE ECLECTIC MAGAZINE.

2. For fifteen years The Eclectic has found favor with the public at large in commendation from the press. It is now in its forty-fifth volume.

3. Its design is to present in its readers the choicest treasures of thought, and the ablest productions of European writers, as they appear in the Reviews and Periodicals of Great Britain.

4. Its combined excellencies and persistent value give it a just claim to a place in every well-selected public and private library.

5. It contains the cream from seven Foreign Quarterlies.

6. In contains the cream from nine Foreign Monthlies.

7. It contains articles from the ablest pens of England.

8. Forty fine Steel Portraits embellish it in 1858.

9. The forty Portraits are worth the price of the work at 25 cents each.

10. The subscriber gets double the worth of it in money. Considering what it contains, The Eclectic is the cheapest, the safest, the best, the most desirable of all the monthlies. Try it. You will find it true. It saves time. It saves money.

11. No intelligent family—no young lady—no young gentleman, will wish to be without its rich treasures of knowledge, when once examined.

12. Its instructive, educating influences on the mind are worth ten times its cost.

13. The public press, far and near, give THE ECLECTIC strong commendations. Embarrassment to do the same.

"The merits of THE ECLECTIC need only to be known to be appreciated. This compendium is worth many times its cost."—*New York Observer.*

We have received many separate commendations. We add the CONTENTS OF JANUARY, NO., selected from six Quarterlies and seven Monthlies.

EMBELLISHMENTS—28 PORTRAITS.

1. Woman, her Position Influence, and Wishes.
2. Love punished.
3. The Courtship of Miles Standish.

BATON'S ARITHMETIC.

BANGOR, Oct. 30, 1858.

At a meeting of the School Committee, held this evening, it was

Ordered—That EATON'S ARITHMETIC be introduced into our Intermediate, Grammar and Select Schools, instead of Greenleaf's now in use. Attest:

(Signed) FREDK E. SHAW, Sec'y.

The decided satisfaction which the book gives in the school room, and its unprecedented success, prove that it is a work of rare merit.

All those who are dissatisfied with the books now in use, are requested to give them an examination.

They will find it the most clear, concise, logical and practical treatise on written Arithmetic extant, following as it does the plan of *Colburn's First Lessons*—the two make a complete and popular series.

Copies forwarded for examination on receipt of postage—15 cents—on application to

BROWN, TAGGARD & CHASE,

25 and 25 Cornhill, Boston;

feb15 O. B. PATCH.

The Honey Bee Grass!

THE results which have been attained, by experiments in the cultivation of this newly imported species of product, have awakened an interest among the farming citizens, in many sections, never before equalled in the centre history of our agricultural industry. Even in regard to its valuable properties, which at first seemed almost incredible, have now been established beyond the possibility of a doubt, and it is believed by those best capable of judging of its worth, that its general introduction will add millions of dollars to our agricultural wealth. I have not the space here to enter into details in full, but will present briefly some of its advantages.

First—It will produce double the weight to the acre, in any soil, of any other kind of grass—from four to six tons per acre is not an uncommon yield, and I am in possession of sworn statements by eight reliable and reputable persons, of a yield of over eight tons of good hay from a single acre, in all which it will be possible to get more than one half the amount from any of the common grasses.

Second—The same weight possesses more nutriment, and consequently will sell for a larger price in the market, thus insuring the farmer more than double the returns from his grounds that he could obtain from any other forage plant. The hay possesses one third more nutriment than timothy, and has sold for $15 per ton, when the price of timothy was but $10 or $12.

Third—Both hay and seed can be produced from the same crop, the hay being equally valuable as other hay after the seeds are taken from it, and the seed is as valuable as the best of other grain, as a feed for horses, cattle, poultry, &c., &c., and it is proved to be superior as a product for the manufacture of oil, and will always find a ready sale, at a fair price, for that purpose.

Fourth—It can be sown in about two months time, and can be sown on grounds where other crops have failed, either by drouth or the ravages and depredations of insects.

Fifth—In northern climates, where clover and other grasses are killed out by hard winters, this will yield a large crop, and, in those sections of the South where other grasses almost entirely fail, it will grow very prolific.

Sixth—It will stand all kinds of weather, and whether the season be wet or dry, the farmer may always rely upon his *Honey Bee* as a sure crop.

These and other advantages are possessed by this valuable grass, which are conferred by some of the first agricultural states of the Union, and cannot fail to carry conviction to every intelligent reader.

Having been engaged, during the past year, in the purchase and importation of the pure *Honey Bee Seed*, I have determined to offer it for sale on such terms as will make it available for every farmer and planter to interest himself, during the coming season, in its cultivation. I design to put up in uniform bags, of about sixteen pounds each, the amount being sufficient to seed one acre, and the price to be $5 per bag, delivered on New York or St. Louis.

Single bags, or lots, can be sent to any part of the country as freight or by express, and will be put up, delivered for transportation, and the most favorable arrangements made, free of charge.

Each bag is to be stamped with the Hungarian coat of arms, and the following lettering: "*Honey Bee Hungarian Grass Seed.*" It will be sold by agents in various sections, but parties, should be careful of whom they purchase, and see that the genuine seed, they are cautioned against purchasing the common Hungarian Grass seed, as it is very far inferior to the Honey Bee.

An interesting pamphlet, containing all of the facts, and full particulars, will be furnished, free of charge, by me or any of my agents, upon application. I will state, as a direction of the extent to which the subject is exciting, that nearly a quarter of a million of copies of this pamphlet have already been applied for.

Parties desiring to secure seed the old order in which it is distributed will be exhausted before the season of sowing has passed. Those who have received this year can realize a rich return, by producing seed to supply the demand of farmers and planters for sowing another year.

Orders should be sent directly to me, and not to the vicinity of New York, where they will be filled by J. M. Emerson & Co., 406 Broadway, New York, General Agents.

Agricultural Houses, General Merchants, and any other parties properly situated, are invited to negotiate terms for the sale of the *Honey Bee Seed*. Authority, full particulars, and from 60 to 100 pamphlets for distribution, will be furnished either by me or the New York Agency, on receipt of 25 cents, to prepay the postage.

I am authorized to name the following well-known gentlemen as references: Hon. J. S. Barrett, President of the St. Louis Agricultural and Mechanical Association, Vice President of the National Agricultural Society, and Member of Congress elect from St Louis; Gen. T. Allyn, Oxford, Md., President of the National Agricultural Society; John J. Anderson, Banker, St. Louis; John Riggin, Jr., Broker, St. Louis; and ex-Mayor Washington King, St. Louis.

PERRY DAVIS'

Vegetable Pain Killer

RENVILLE, ALL CO., Illinois, Dec. 20, 1858.

Messrs. Davis & Son—Gentlemen: I have used your Pain Killer for the last four years, and have found it a valuable medicine, and most people here that have used it entertain a high opinion of its worth.

Yours, &c., JOHN BRYANT.

Messrs. Davis & Son—Gentlemen: We have sold a large amount of your Pain Killer, and have found it to give entire satisfaction. We have sold from one to two gross in a few days.

Yours truly, Bank of Louisville, Louisville and Chicago, Illinois, Dec. 20, 1858.

Messrs. P. Davis & Son—Gentlemen: Please send us a gross of your Pain Killer, by Express, as soon as you can, say two hundred bottles. I dare not be without it myself, and there are endless calls for it, both by Rarent and Burnous. I always take it with me into the jungles, and have frequent occasions to use it both on myself and others. One night, while sleeping in an open Zayat, I was awoke by a most excruciating pain in my foot. On examination I found that I had been bitten by a Centipede. I immediately applied the Pain Killer, and found instant relief. In less than an hour I was again asleep.

Rev. H. L. Vail, Methodist Episcopal, Indiana, writes:—Dear Sir: I am satisfied that we have used your Pain Killer very freely. For the first two or three years of our residence in India we were ignorant of its valuable properties, and did not use it. Having used it half a year, and for a single day. Only a few nights since Mrs. Van Meter was stung by a scorpion, and intense pain was instantaneous throughout the arm, and soon a numbness of the fingers followed. By the continued application of the Pain Killer, for an hour or more, and at intervals during the night, the alarming symptoms were subdued, and in the morning only a slight soreness was felt in the finger. I gave it in a several cases of Fever and Ague, according to directions, and it acted like a charm, breaking up at once. The Karens have great confidence in it.

Mr. W. L. Carpenter writes from Calcutta,—Perry Davis's Vegetable Pain Killer is a very valuable medicine, and most people here that have used it entertain a high opinion of its worth.

Messrs. P. Davis & Son—Gentlemen: We have sold a large amount of your Pain Killer, and have found it to give entire satisfaction. We have sold from one to two gross in a few days. Mashal and Co. have sold a large amount, and Chas. Tozer & Co., Calcutta, London and China, have sold a large amount, and have assured us that it is the best medicine sold in India.

Yours truly, DORRANCE, MARSHALL & CO.

Messrs. P. Davis & Son—Gentlemen: We have sold a large amount of your Pain Killer, and have found it to give entire satisfaction. We have sold from one to two gross in a few days. Mashal and Co. have sold a large amount, and Chas. Tozer & Co., Calcutta, London and China have sold a large amount, and have assured us that it is the best medicine sold in India.

Yours truly, DORRANCE, MARSHALL & CO.

Solid, wholesale and retail, by W. L. Alden & Co., Union Block; and N. S. Harlow, No. 4 Smith's Block, Bangor.

CHAS. D. RECORD,
Per order of City Committee.

Bangor, March 8, 1859.

WHAT DOUGLAS DEMOCRACY IS. In the recent discussion in the Senate, between the two wings of the patent democracy, we have a pretty full exposition of the crotchets of the Douglas democracy upon the question of slavery in national territories. It comes from the lips of the very hero Douglas himself, and we may therefore receive it as authoritative. The people will be able to understand precisely how much better—how much more acceptable to lovers of freedom—is the democracy of the "popular sovereignty" Douglas faction than that of the Buchanan, Compton wing of the party. The Douglas men opposed Lecompton and the administration, and took great credit to themselves therefor—but what better or *chief* doctrine for the cause of freedom in the Territories do they propose? Judge Douglas, in the recent debate, defined his position, so that (as he distinctly said) there might be no mistake—no imputation of "scheming" on his part. The gist of his explanation was as follows:

He agreed with the Senator from Maine, [Mr. Hamlin,] AND WITH THE DECISION OF THE SUPREME COURT, that slaves are property, and THAT THEIR OWNERS HAVE A RIGHT TO CARRY THEM INTO THE TERRITORIES, as any other property—

In the same debate Mr. Douglas said:

"There are *no slaves existent*, and he trusted in God there never would be. He did not recognize the black brother."

This embraces the whole doctrine held by the Douglas democracy of the Calhoun school. It yields every right claimed for slaveholders, by the great champion of slavery himself, when, during his lifetime he was accused of the most fanatical and unconstitutional devotion to the interests of the peculiar institution. Mr. Douglas adopts the anti-republican declarations of the Dred Scott decision in all their length and breadth. He agrees that slaves are property—and only things—in the purview of the constitution—that a crotchety southerner, who owns a hundred or a thousand of these human things, has as much right to emigrate with them to Kansas, or Nebraska, or Washington, or New Mexico, and hold them there in hopeless slavery, as the poor man has to carry out and hold his horse or his oxen. He places slaves absolutely upon the same ground as any other property, and claims for their owners the same guaranty of possession as is given by the laws to the owners of any other property. Now if he claims this in the territories, why not in the States? If slaves are the same as any other description of property, may not a citizen of Georgia claim to have a slave secure to him, while residing in New York, by the force of the Federal constitution, which is acknowledged to be paramount to any State law which may come in collision with it?

Whether we thus regard it or not,—there is no disputing that the Douglas doctrine throws the shield of our free *Republican* constitution over slavery in the Territories, and consigns every slave who may be carried there to hopeless and lifelong servitude. The pretended right of a Territorial Legislature to exclude or override the constitution of the United States by refusing to acknowledge a slave is too weak to stand a case for a moment. Slavery is either a local institution or it is a national institution. If it is a local institution then the constitution of the United States has nothing to do with it, and does not recognize or protect it in national territories. If it is a nation-l institution, and the constitution recognizes it as such by carrying it into the Territories, then the Territorial Legislature clearly has no right to abolish it or to make any distinction between slaves and any other property which it protects. *Property* is the subject of larceny—and if slaves are property in the Territories, the Territorial Legislature cannot enact that a man who steals slaves shall not be punished as a man who steals horses or cattle.

On Monday night of last week, just as the Newark, N. J., train was entering the depot at Jersey City, two boys, one of whom was colored, who had "stolen a ride" attempted to jump off while the train was still under headway, and both fell under the cars. One was taken out dead, and the head of the other was so crushed and fractured that he cannot survive.

THE MASSACHUSETTS WAR CLAIM has at length been allowed by both branches of Congress and appears in the appropriation bills reported to be passed and signed. The claim was for military services and disbursements by Massachusetts during the war of 1812, with England—and its payment has been now obtained by the active and judicious labors of the Republican members of Congress from Massachusetts and Maine—members who have been stigmatized by the Boston Post, Bangor Union and other democratic papers, as "chief friends," and incapable of guarding the interests of the people. These inefficient Republican delegations have, it seems, secured a claim which former democratic delegations failed of obtaining for more than twenty years—and have put in the treasury of Massachusetts $157,000 and in that of Maine $76,760 (Maine having one third of the claim), which the members belonging to the Post's and the Union's party seem to have been peculiarly unfortunate in not obtaining. We think the people will be likely to determine the question as to the "efficiency" of delegations somewhat by the results obtained. The following is the item in the appropriation bill:

That for the purpose of executing the resolution approved May 14, 1836, entitled "A resolution to authorize the Secretary of War to receive additional evidence in support of the claim of Massachusetts and other States for services, &c., during the late war," the Secretary of the Treasury be and he is hereby authorized and directed to pay to Messrs. Hussey, Burgess & Co., agents for the State of Massachusetts, out of any money in the treasury not otherwise appropriated, the sum of $227,136 48 reported under said resolution to be due to said State by J. R. Poinsett, late Secretary of War, in a report dated the 31st of December, 1837, made to the House of Representatives on the 27th of December, 1837: *Provided*, That in lieu of payment in money, the Secretary of the Treasury may, at his discretion, issue to said State, United States stock, bearing an interest of five per cent per annum, and redeemable at the end of ten years or alone, at the pleasure of the President.

We see that the Locker papers are giving the credit of the allowance of this claim to Jeff. Davis! What a pity Jeff. hadn't exerted himself for our interests at some day when Maine had a democratic delegation! The party could then have claimed the credit with a little more plausibility.

INCREASE OF POSTAGE.—Even the Boston Courier wonders at the ras'i measures of the Administration. A Washington correspondent writes:—

"It is singular, reasoning after the manner of political parties, that the present Administration, in the present circumstances of its position before the country, weakened as the Democratic party clearly is by the position it should have ventured upon so unpopular a measure as the subject of a material increase of the rates of postage."

This enough, whom the gods mean to destroy they first make mad. The people will never submit to an increase of postage rates, when they know there is no necessity for it.

A little gentleman aged 15 years, and a little lady aged 14 years, who were at school together, at Peru, arrived at Utica on Sunday morning last, having eloped from home with the intention of being made one flesh. The father of the boy arrived in time to prevent matrimonial consummation, and took the couple home, where the little girl was shut up in a dark closet, and the little boy soundly whipped and their recent love thus brought to a sudden and unhappy termination.

PARTY GOOD.—This morning, says the Lowell News, as the workers at the new mill were wending to their usual business, a loud report called them to the door, upon the steps of which stood a colored freshman, with his hat in his hand. "Please, sare," said he, crossing himself, "can I be alone inside of the church?"

A new mode of treating contempt of court has been adopted in Ohio. The Judge of the Common Pleas at Logansport recently left the bench and going with a lawyer who had insulted him shook him soundly.

The number of vessels which were lost in the month of February were 93 vessels, of which five were ships, 5 barks, 11 brigs, 15 schooners and 1 steamer. The total value of property lost is estimated at $862,000, and for January and February the amount is put down at $1,555,000 in 1859 against $1,625,800 in the same months of 1858, and $670,500 in 1857.

Our Washington dispatches state that the Post Office Appropriation bill and the Post Route bill failed to become laws. The Ocean Steamer bill was killed. The franking privilege and the rate of postage remain unchanged. The Treasury Note bill was passed, but the Tariff bill remains for the consideration of the next Congress.

The Pennsylvania Legislature has passed a bill which has been signed by the Governor, by which married women are allowed to be incorporated with others in any institution composed of women, or to be under their management, for the care and education of children or for the support of sick or indigent women.

On the 1st inst., a entire train was precipitated down an embankment of thirty feet, in West Fawkel, Vt. A Mr. Holgrin, of Arlington, Vt., was instantly killed, but the remainder of those on board escaped with slight bruises.

The Savannah Republican, the leading opposition paper of Georgia, nominates the following ticket for 1860: For President, James H. Hammond of S. C. for Vice President, Rufus Choate of Massachusetts.

A LARGE STOCK FARM.—General Urquiza, President of the Argentine Confederation has an estate about 100 miles above Buenos Ayres, on which he has 70,000 sheep, 40,000 cattle, and 2,000 horses.

The Tribune says that Mr. Sickles is visited daily by a large number of his friends. It is not yet determined when Mrs. S. will return to New York. She is said to be very much depressed.

REMOVAL OF BOSTON POST OFFICE. The Boston Post Office was removed from State street to the new building in Summer Street on Saturday afternoon.

New Publications.

THE MAINE TOWNSMAN. By Benj. Kingsbury, Jr. Seventh Edition. Portland: Sanborn & Carter. 1859.

This is a new and revised edition of the Maine Townsman, and will be especially needed by all new-town officers. It gives all the laws for the regulation of towns, with forms and judicial decisions adapted to the Revised Statutes of Maine.

For sale by E. F. Duren.

PALISSY, THE HUGUENOT POTTER. A True Tale. Boston: Henry Hoyt & Co. 1859.

In this little book, which is handsomely printed and bound, and illustrated by numerous engravings, we have a very interesting biography of a French mechanic and inventor who flourished in the sixteenth century,—and who was even better known for his Christian life and example than for the cunning workmanship of his hands. He was, in fact, one of the Huguenot martyrs of the dark days which culminated in the massacre of St. Bartholomew, and the story of his life must be one of absorbing interest.

The book is for sale by E. F. Duren.

LEA MOTHER'S MISSION. Sketches from Real Life. Boston: Henry Hoyt. 1859.

This is a beautiful moral sketch, of the true home life, and of the mother's vast influence in the formation of the child's character. The methods and maxims by which a thoughtful and Christian woman may mould and form at will, the most diverse child positions, are evolved and impressed in a pleasant tale, which is at the same time most attractive to the general reader.

For sale by E. F. Duren.

SEWERT AND THE DIVER, is the title of a new tract of 11 pages, written by Rev. Enoch Pond, D. D. and just published by the American Tract society in Boston. The professor presents the evils of a sweary habit plainly, and yet with calmness and moderation. He examines the assertion of the advocate of slavery that it is a dispensation—and shows that the Bible nowhere represents it as such—that the sacred writers, where *approved* of slavery forbore it their sanction—but, on the contrary, the although suffering and tolerating slavery for a time, as the only way till the Bible laws, truths and principles which are directly opposed to it, slavery and calculated with time shall have obtained their due and full influence in the hearts of men, to root out and exterminate the institution altogether.

The tract may be found at Duren's.

THE KNICKERBOCKER, for March is received by Mr. O. R. Putee. It is fully up to the established grade of that popular magazine.

LATE FROM LOCK PORT.—Hon. Charles Simpson, of the well known firm of Pitt, Simpson & Co., died at his residence in Brooklyne, on Thursday, in the 42d year of his age. Mr. Simpson was esteemed and respected by a very large circle of acquaintances and friends, and with the back roads held a high and honorable position. He was a man of unusual integrity, indomitable energy, and of a firm self-reliant judgment. He had been in feeble health for several years.—*Boston Journal.*

THE LOTTERY SWINDLER. The last story was in Chicago—State & Co—were bailed out on jail on Wednesday, by parties in Haverhill and Bath, Virginia. The bail for the two amounting to the nice little sum of $24,000, and they and the persons who are willing to be responsible to that amount for their appearance, knows how ill-gotten has been their business. We understand they have retained for counsel, the John S. Wells of Essex, and J. H. Bradley of Boston.—*Newburyport Herald.*

THEY HAVE A LARGE "FEELING" population in the West. Recently a rail boat, with a large of five families and their household fixtures, passed Cincinnati, en route for Cairo, where the party would sell their boat and proceed to Nebraska by steamboat; and fifty four adventurers arrived in town expressly to go along down the river, en route, on their way to Pike's Peak.

MRS. CATHERINE JULIAN, who died in New York a few days ago, in her eighty-fourth year, was the last lineal descendant of a once wealthy and influential Jewish family, which was connected with the great men of the Revolution. The only son was also the last of those elegant youths who on the afternoon of the memorable day when Washington took leave of the army, received from that illustrious man a parting farewell.

Hon. Edward Bennigsen died on the 26th ult. at St. Louis. He was a United States Senator from Indiana from 1813 to 1840, and was then sent by President Polk as Minister to Prussia, where his unfortunate habits inflicted great discredit on the country.

Perry Green says he once had a narrow escape from being a municipal wife, and is now sure he would have been in such a case—after, indeed, pranks, says Perry, would evidently have made her husband a dissenting minister.

Queen Victoria has in a single king's gallery of family portraits, then a mere photographic sketch, but under the magnifying glass, displaying the finish and of the delicacy of a large portrait.

A daughter of Philip B. Key, just killed by Sickles, at Washington, was killed in a duel fifteen years ago by Midshipman Sherbourne of New Hampshire.

A fat candidate for office in Alabama, who is said to weigh 376 pounds, asks the people to *try* him.

A young lady in Pittsburgh, discarded her lover for his small size. In his revenge, he burned her father's house.

The Albany Statesman gives a sketch of a lecture by a blind man, and gravely says, he "spoke without notes."

The Auburn Advertiser notices a turkey which weighs 35 pounds, and can pick corn placed seven feet from the floor.

The Artesian well, at Columbus, Ohio, has reached the depth of 1,880 feet, and yet no water.

WINTER AMUSEMENTS.—The New Bedford people had an earthquake on Thursday last, which is said to have been almost as effectual in the way of consternation, as the Shakespeare tragedy.

A party of Lewiston Nimrods, among whom were Capt. Mark Lowell and Lieut. Fillebrown, returned on Friday from a hunting excursion on Wild River, with eight deer, which they had killed in two days.

LOCAL AND MAINE NEWS.

JOB WORK. We are prepared to execute job printing of all kinds, in the latest style and at as *cheap rates* as at any office in the State. Our friends who are in want of Cards, Bill Heads, Shop Bills, Blanks, Circulars or any thing of the kind, will do hope favor us in mind.

City Affairs.

IN CITY COUNCIL,
March 7th, 1859.

Petition of J. Penno and als. for a Street Light on Essex Street. Referred to next City Council.

Petition of O. J. Cates for allowance for injury to 1 imbs caused by being run over by Fire Engine. Referred to Committee on Fire Department.

Petition of Rear Ladder Co., for increase of the number of members thereof. Referred to next City Council.

Reports Accepted—

Of the Street Engineer, laying out Garland Street from Lime Street to Front Street, and said Street established.

Of Committee on Accounts and Claims on the claim of M Finnegan and als., on petition of Wm. Rounds for settlement of suits pending in S. J. Court in which the City and said Rounds are parties. Said petitions granted leave to withdraw.

A communication was received from the Sup. School Committee asking the passage of an ordinance to the election of a School Committee on the fourth Monday of March,—said Committee to consist of nine members, who at their first meeting shall designate by lot one third of such number to hold office three years, one third two years, and one third one year—the above to be filled by the election of three members annually by the City Council. The ordinance was passed by the Common Council, but the Aldermen non-concurred, and referred the matter to the Committee on Schools.

Jurors Drawn.—Jon W. Snow and John T. Strickland were drawn as Traverse Jurors for the April term of the Supreme Court.

The City Council adjourned to Monday evening next, March 14.

A SAD CASE. We have been informed of the circumstances of the death of a little girl yesterday morning, (7th,) which, if correctly stated, show a most distressing case—no less than the death of a child by being forced to drink the poisonous stuff we fear is sold under the name of rum. On Sunday afternoon, as our informant says, Mary Callen, aged nine years, whose parents or friends reside on Pleasant street, was found in the street reeling about in an intoxicated condition, and apparently in much distress. She was taken home and remained in bed but the same state till 9 o'clock on Monday morning, when she died. Our informant says the child was not a rum-drinker at all—and the allegation is that some person or persons to her the drugged and poisonous liquor upon her. We are told that Drs. McIlroy and Watson were called in the case; but we have not been able to see either of those physicians.

AN OMISSION. Singularly enough, the most interesting item of the telegraphic news of Sunday night was omitted, by a mistake of the compositors. It was the announcement of the rejection of Mr. Benjamin Wiggin's nomination as Fishery Commissioner. The despatch was as follows:

The nomination of Mr. Wiggin as Maine Fishery Commissioner was rejected in the Senate by about two to 27. A reconsideration will be moved on Monday.

THE PAUPER LAW.—JACOB TURNER. On Saturday afternoon a petition was drawn up in the Governor and Council, and received a large number of signatures, including that of Mr. Crosby, the prosecuting officer of the government, Ex-Gov. Kent, and many other leading citizens, for the pardon of Jacob Turner, who was sentenced on Saturday, to imprisonment for one year in the State Prison—the severest limit for the offence of which he was convicted. It is said the Judge who imposed the sentence, commendation of clemency. Turner is an old man nearly eighty years of age, and is represented as having borne a fair character previous to the circumstances for which he was convicted, and on which he seems to have been involved by his step-children, who in now under sentence of five years imprisonment for the same offence.

There was an alarm of fire on Sunday evening but the bells were not rung, as the fire was soon extinguished. The chum was to[illegible] fire of a window curtain in the house of Dr. Laughton, on Essex street.

Town Elections

Calais, March 7th, 1859.

Messrs. Wheeler & Lynde:

The Town of Carmel at their meeting this day, made choice of the following officers:

John J. Bell, Moderator.
Israel W. Johnson, Town Clerk.
Alfred Herrick, Hiram Corliss, H. F. Patterson, } Selectmen.
John J. Bell Sup. School Committee.
Hiram Ruggles, Town Agent, Town Treasurer, and Road Commissioner.

All Republicans except first and second Selectmen.

Respectfully yours,

FRANKFORT TOWN MEETING.—The Democrats nominated a strong Republican ticket. The Anti's nominated a democratic ticket, which was carried by quite a majority.

Bridgton is one of the battle grounds which has long been contested between the national democracy and the friends of freedom, victory generally inclining to the standard of the former. The annual meeting for the choice of Municipal officers was held in Bridgton on the last inst. The conflict was close, and resulted in the complete triumph of the Republicans, by electing every one of their nominees, Moderator, Clerk, Selectmen, Treasurer, Agent and Superintendent of Schools.

Well done Bridgton!

The blacksmith shop of Wm. Moore, and the Store of Messrs. Waterman & Jackson, at Mechanic Falls, were destroyed by fire on Sunday morning, 6th inst. Most of the goods were saved. Loss on store, $800; on shop, $600—with $150 insurance.

At the Republican Caucus in Augusta, on Saturday evening last, James W. North, Esq., was unanimously nominated for re-election to the office of Mayor.

An ecclesiastical council was held at Saco on Wednesday, by request of Rev. F. D. Wheeler, pastor of 1st Congregational Church and Society. Rev. Dr. Chickering presiding. Mr. Wheeler having received a call to preach in Poughkeepsie, N. Y., asked a dismission, which was unanimously granted. His services in Saco have been very acceptable.

SHORTSTOCK. A Meddybemps woman, named Farris, has been doing business in this line at Calais, to the extent of about $60.—She was in an "interesting situation," and was therefore let off with a fine of $10.

BUSINESS PROSPECTS. All things betoken a great improvement in business in our village. It seems to be the general impression that one large cotton mill, at least, will be erected.—The Franklin Company have a meeting in a few days to consider the propriety of increasing their capital stock, with reference to enlarging their operations. The prospects also are that a large number of dwelling houses and other buildings will be erected. On the west side is now an incapacious church will be built, at an expense of nearly $10,000.—*Lewiston Journal.*

PENOBSCOT LUMBERING ASSOCIATION.—At the annual meeting of the Penobscot Lumbering Association, holden at the Exchange on the 7th instant, the following officers were chosen:

Col. Jonathan Eddy, *President.*
Henry H. Prentiss, *Clerk and Treasurer.*
Directors—A. M. Roberts, R. G. Hunman, Eben Webster, Wm. N. Soper, J. W. Palmer, Asa Smith, Jr.

SOLD. The story about the horse which backed off from Erkson's wharf, in Portland, the other day, and had one of its eyes cut out by its owner, was one of the worst "sells" of the season.

The Fort and Light Infantry attended the Fourth of March Ball given at Auburn by the Auburn Artillery.

THE ANDROSCOGGIN RAILROAD BILL. After giving a synopsis of the new bill, the Portland Advertiser says:

In examining these provisions it will be seen that the enterprise differs in many essential points, from the project which has been discussed for a year or more in the public journals. The design seems now to embrace the two objects of a road to the Aroostook and the completion of the long desired European and North American Railway. And the provision which, unless the completion of the main line along the Androscoggin to the East before the branch along the Meduxnekeag to the North is commenced, would appear to give precedence and prominence to the connection with the Provincial road rather than to the road which is to end directly to the farming and settling lands in the county of Aroostook. Both objects, however, may be regarded as sufficiently provided for in the Bill, which thus contemplates an improvement of general and permanent interest to the State. The loan of credit proposed, instead of being *for two millions*, as previously rumored, is only for *seven hundred thousand dollars*, with an additional aid of *three hundred thousand* from funded resources, not entailing a contingent liability on the State. The total aid thus sought is *one million of dollars*, or just half of the sum which has been reported as the probable request of those who are conducting the enterprise.

BRIDGE BURNING.—The store and Post Office at Cape Ann Depot, kept by John L. Frasier, was broken into on Thursday night last. This is the fifth time within five years that the same premises have been broken into, and the third time since they have been occupied by Mr. Frasier. The miscreants stole a variety of goods, consisting of tea, coffee, sugar, fluid, nuts, &c., amounting to a considerable sum; and a set took all the postage stamps, and a pistol, that was in the Post Office. Not being satisfied with the plunder obtained, they also turned the faucets in the molasses hogshead, by which means more than 100 gallons were spilled. No clue has, as yet, been obtained of the scamps.

FATAL ACCIDENT.—Mr. Christopher Hilton, of Wells, on Friday, Feb. 25th, was in company with two boys in that town, who were examining an old musket, the lock of which was broken. Not supposing that the musket was loaded, one of the lads placed a percussion cap upon the lock and, with his hand, struck the hammer upon it. The charge exploded, the contents entering the side of Mr. Hilton, taking his clothes with it. Mr. Hilton lingered until the next day, when he died from the effect of the wound.

True Liberty.

"In all things it shall be liberty, there is nothing more certainly than liberty."—MILTON.

Farewell, all ye ever a rallying word,
From the prison's wall—time's dark Tartar to rede,
From the cloud on the future—the spell to be read,
From Liberty's watchword is rifled its spark yet!
The charm stays the rig of manhood's stern infidel,
The liberty's watchword is rifled and true.

All thy name, sainted Freedom, in the depot turns pale—
Thy power—thou'rt the idols in temples of Baal;
Unfetter the soul, from long bondage's chains—
The notes of sweet peace changes war's horrid dins;
Redeem the captive, let from oppression's fell sway,
And proclaim on the house the emancipation of day.

Let Jerusalem comely, in fair Liberty dwells—
Not in earthborne cities, in which are reflex selfish cells;
Not in palaces of splendor her throne is found—
Her triumphs are never, within sound around;
True freedom is he whom the truth disenthralls,
True liberty is that which the soul never palls.

He who loves his poor light must be first wise and good,
By the truthfull Alpha are let chronic understood;
To bread unbounded, with chains, it turns—
And a nature unfold with the betrial fire burns;
The Savior is risen and exalted at last at the skies
Of this universe will never be in any size.

The great ones of earth, and the heroes of war,
They fight for their country's praises and about its barren
But the goddess of Freedom is in the midst in strife—
To live in earth's temple is not Liberty's life;
With wisdom's arms to who fights the enemy, is her
house,
Even the prize and true-hearted she never will scorn.

O. K.

On and after MONDAY, Jan'y 3, the Office of the Eastern Express Company will be closed at 8 o'clock P. M.

Jan'y, 1859 F. H. HODGMAN.

DIED,

At East Hampden, on Sunday, 6th inst. Mary B. Pierce, aged 37, wife of Capt. Charles Pierce, of Hampden, and daughter of Rev. Dolar Atwell of Orono. (Massachusetts papers are requested to copy.)

Funeral at residence on Thursday, at 2 P. M.

To the Ladies of Bangor.
DOONEY IS WEALTH.

MRS. A. M. WOGGIN, who has a thorough knowledge of the business, offers her services to teach the ladies the art of cutting and making their own boots and slippers. By a very easily acquired process, ladies under her instruction will be enabled to furnish themselves with silk and cloth boots with heels, slippers, &c., a vast deal cheaper, and quite as durable, as those furnished by the shops.

According to her plan many articles of wearing apparel, which with Leather can be wasted, can be converted into clothing for the feet, thus saving a large bill of expense. Her terms are very moderate. As Mrs. W. will remain but a short time in the place she would respectfully solicit the early calls of those who may desire her services.

Specimens may be seen at her room, No. 43 at the Hatch House. mch8 2w

PURELY VEGETABLE!

THE
Great English Alterative
AND
Humor Eradicator,

DISCOVERED by an eminent English Surgeon, after years of study.

This medicine is unquestionably the *best Alterative* ever used, thoroughly purifying the Blood, giving new and healthful vitality to the functions of the system, and reinvigorating the whole frame. It creates, at once, all kinds of Humors, Cutaneous Eruptions, Carbuncles, Scaly Eruptions, Leprosy, and all kindred diseases, which have their origin in impurities of the blood.

For Scrofula it may properly be regarded as a Specific. No other preparation known to the world so promptly and effectually cures this fearful malady. "Cleanse the fountain and the stream will be pure." Purify the blood and the system will be healthy. Take this Alterative and the blood will do your Bidding. To all who are suffering from Chapped Hands, Chilblains, Liver Complaint, Jaundice, Piles, Humors in the Eyes, Saltrheum, Blotches in the face, and General Debility, this remedy is offered with the utmost confidence that it will afford speedy relief.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

ON THIS DAY

LATER FROM EUROPE.

ARRIVAL OF THE

EUROPA,

AT NEW YORK.

NEW YORK, March 7.

The Cunard steamship Europa from Liverpool 19th, arrived at this port this afternoon.

The latest continental rumors are more warlike, and military preparations continue.

Rome is reported that a camp of 100,000 men will soon form at Toulon.

The House of Commons had passed a resolution in favor of a loan of seven millions.

England proposes to reduce her Home Colonial forces, but to retain the Indian. This is considered an indication of the Government's faith in the maintenance of peace.

There are numerous Ministerial changes, including the retirement of the Lord Chancellor, and Lytton and Gen. Peel.

Persia and Victoria correspondence abounds in warlike rumors, and military movements continue active.

Napoleon's intentions are said to be certainly pacific.

PARIS, 5th.

The Paris Bourse closed steadily at 68 francs 30 centimes for creats.

Victoria, in Vancouver's island, has been declared a temporary port of entry for British Columbia.

Dix's News says the French envoys at Munich, Wurtemburg and Cassel have been called home with the Emperor, and it is presumed on account of public opinion in Germany.

The Constitutionnel of the Interior had addressed a confidential circular to Prefects of Departments, conveying the official interpretation to be put to the Emperor's speech on opening the session, lest it should become a subject of contradictory commentaries.

The Minister says the Emperor's policy is while renouncing war without legitimate motive as impossible, not to recoil from it if honor commands it, or if those arise one of those issues for which all true France has been enthusiastic, becoming war then is a necessity. Movements of troops continue very active at Strasbourg.

It is reported that a council of war has been held, consisting of Lyons of the most distinguished generals in the Austrian army.

Vienna, correspondence of the London Times says information has been received from France removing all doubt as to the intentions of Napoleon, and it would not be surprising if Royal Assent's army was suddenly on war footing. 120,000 men could be fully prepared for the field in six weeks.

Another Vienna letter says Rossuth is calling for furloughed soldiers and marching troops from Hungary to the Moldavian frontiers.

J. O'Mary Jones, the new American minister to Austria, was received at Vienna on the 14th inst.

Latest

London, Saturday, 19th.—The stock exchange yesterday was extremely dull.

Bullion market was rather more active.

Rates on Austria have advanced.

The clouds in the South of Europe are dark and threatening, but the clouds in the East and Big with tempests. Unless Austria be persuaded to hoist her pagan on Roman rights, it is not impossible, that a solution of the Italian question may be transferred from Rome and Milan to Gratz and Bucharest.

Liverpool Market.

Richardson, Spence & Co. report flour dull but steady.

Wheat dull but steady—Western Red 6s 9d and 7s 3d.

Corn dull.—Mixed and yellow 5s 10d; white 5s 11d a 7s 4d.

Beef steady.

Pork dull.

Bacon firm but quiet.

Lard dull, but held at 60s.

Later from California.

ARRIVAL OF THE

OVERLAND MAIL.

ST. LOUIS, March 7.

The steamer Uncle Sam left San Francisco 25th, for the Colorado, with a detachment of 200 recruits from the 6th Infantry to chastise the Mohaves.

The war in the northern part State was being vigorously prosecuted with a fair prospect of speedy termination.

Lieut. Lazelle, recently wounded in a fight with Apaches, was rapidly recovering.

An expedition was about leaving Fort Buchanan against a party of Apaches who killed two army sergeants in January.

The overconers by mail report heavy rains in the Colorado desert—an unusual occurrence.

The Mail Company had met with complete success in sinking wells. Finding an abundance of water at the depth of fifty feet.

Severe snow storms prevailed at the Pachico and Tejon passes.

A large number of additional stock were being contributed along the route.

Executive Sessions.

WASHINGTON, 7th.

Mr. Seward's resolution, calling on the Secretary of War for copies of contracts which have been made for the removal of the obstructions at the mouth of the Mississippi, the amount expended therefor, and to whom paid, was adopted.

Mr. Brown presented a memorial from Pilsbone & Holter, traders of extra documents for the Senate, alleging that owing to the small amount of binding they have lost money, and therefore ask indemnity.

On motion of Mr. Mason the memorial was laid on the table.

The Senate then went into secret session.

No public business was transacted, and at ten o'clock doors were opened the Senate adjourned.

WASHINGTON, March 7.

The rumor that the Postmaster died at 11 30 last evening is unfounded. At 1 45 he was apparently easier and breathed more freely than for the past 12 hours.

The trial of Sickles will not be commenced so early as many have anticipated. The jail docket, embracing the small offences is usually first taken up, and may occupy a week or more. The counsel did not appear in the Court today.

The Senate was in secret session for five hours to-day, and after a spirited debate confirmed Chas. L. Weller as Postmaster of San Francisco, and J. W. Maundeville as Surveyor General of California.

Mr. McLane was confirmed unanimously as Minister to Mexico, and Mr. La Bauntlie as Secretary of Legation.

Mr. McLane will leave the city to-morrow for Vera Cruz, with instructions to recognize the constitutional government, provided it is in a condition to maintain its existence. Mr. Churchill has again written to State Department, urging its recognition. This administration is inclined to do, and hence the appointment of McLane.

Senor Mata has been here anxiously awaiting the recognition of his government directly by the administration and his consequent reception as minister; but as the below paragraph, if not all, will take place in Mexico, he considers his mission suspended for the present. He will soon leave for New Orleans, there to await further instructions from his government.

In the event of Mr. McLane's presenting his credentials to the Juarez government, Senor Mata will, there is little doubt, return to Washington in a diplomatic capacity.

The Senate have a number of Indian treaties embracing those of Oregon and Washington to act upon and as these are so intimately connected with the preservation of the peace upon the Pacific there can be no doubt of their ratification.

There is a clause in the treasury note law just passed, authorizing the Secretary of the Treasury to issue registered or coupon stock, as the public may prefer. As he has already issued coupon stock, the Secretary has decided he will not change it.

11 P. M. The Postmaster General still lingers, but there is no prospect whatever of his recovery.

BATH, 7th.

The municipal election took place in this city to-day.

Israel Putnam, Republican, five hundred and thirty-three.

Oliver Moses, Democrat, three hundred and thirty-nine.

The entire Republican ticket is elected except four vacancies in common council.

SAXO, 7th.

The picker room of York Manufacturing Co. was destroyed by fire this P. M. The remainder of the building was saved. Loss about $15,000.

NEW ORLEANS, 7th.

The brig Montalbar arrived here Saturday evening with Tampico dates of Feb'y 26.

The Liberals were actively prosecuting the war.

Juarez had taken the field and gone to Vera Cruz, which is in a perfect state of defence.

Gen. Espage had been taken by the Liberals at Agua Columbia.

NEW YORK, 7th.

Steamer Calhawba from Havana has arrived. Health of Havana good. Sugar dull and quotations nominal. Flour gets worse. Exchange was a trifle easier. The tobacco crops were large and of fine quality.

Bark Lillie Miller, which was recently taken arrived at Havana on 27th ult.

ST. LOUIS 6th.

Henry S. Geyer formerly U. S. Senator from Missouri died last night.

BUFFALO, 7th.

Herkimer Block was burned Saturday night, then occupied as stores and law offices. The contents of 40 of which were destroyed. Loss $30,000, insured $ 5,000.

New York Markets.

NEW YORK, March 7.

Legislature of Maine.

SATURDAY, 6th.

In the Senate,

Leave to withdraw on petition of John B. Trafton for the case of as ex as County Attorney of Aroostook.

Mr. Gilman, from the Committee on Judiciary, &c, reported a Bill to authorize Timothy Lord of Virvalhaven in the County of Waldo, to erect a free bridge over Eggemoggin Reach, Lord's Island to Vinalhaven.

Mr. Harris from the Committee on Railroads, Ways and Bridges, reported that bill authorizing the town of Gilead to purchase a Bridge, ought not to pass. Accepted.

In the House.

Mr. Rich, of Hampden, asked and obtained leave to present bill in addition to chapter 81 of the Revised Statutes, relating to assignment of property, and on his motion it was referred to the Committee on the Judiciary.

On motion of Mr. Pike of Calais,

Ordered, That the Committee on Rules and Orders be requested to inquire into the expediency of adopting a rule that no member shall be allowed to vote unless he was within the Hall at the time he name was called, and also to the propriety of abrogating all rules of the House, a principles for a motion to reconsider on the day succeeding that on which the vote was taken.

Bill an act to incorporate the town of Freedom, was considered.

Mr. Gilbert, of Bath moved to amend further by striking out township 1 and 2 in range 6. Lost.

The amendment prevailed.

Diseases of the Skin.

MR. WM. B. TRUPANT, the discoverer of an excellent remedy for the

SALT RHEUM,

And other Diseases of the Skin has consigned to me a quantity of his Compound and Ointment. The character of the manufacturer, and the abundant evidence of its value during the last twenty-five years, of the safety and efficacy of the remedy gives confidence in offering it for the relief of sufferers. OUR MUSICAL FRIEND,

TWELVE PAGES OF POPULAR MUSIC,

FOR TEN CENTS.

"OUR MUSICAL FRIEND" is filled with the best Piano Solos, Duets, Songs, Operatic Airs, Polkas, Mazurkas, Quadrilles, Waltzes, and every other species of musical composition for Voice and Piano, by the best American and European Composers; printed on full sized music paper, adapted to every grade of performer.

The same quantity of music, procured from the regular publishers, would cost more than ten times what we charge.

A year's subscription to "*Our Musical Friend*" will secure new and fashionable music worth at least *Two Hundred Dollars*, and is freely sufficient for the home circle.

Price Ten Cents, Weekly.

Yearly, $5; Half Yearly, $2 50; Quarterly, $1 25 cents. The Volume commenced on the 1st December, 1858.

Steamships *America, Sailing Pacific Mail Steamship Connection,*

Capacity on Line at Reduced Rates.

New York and San Francisco.

First Cabin.....$250 | Upper Steerage.....$100
Second Cabin.....150 | Lower Steerage.....50

The transit of the Isthmus is by rail.

One of the following steamships will leave Pier No. 1, North River, New York, on the 5th of December, and on the 5th of each succeeding month, viz: the new and splendid steamship WASHINGTON, 2,000 tons register, Capt. Thomas Crowell, having been built expressly for the California trade by the Messrs. Webb, will leave her dock, North River, New York, on Saturday, the 5th of December, at 12 M., for the above port, touching at Port Spencer and Port Antonio, Island of Jamaica, on the 10th, Aspinwall on the 15th, and Port Lavalle, Nicaragua, on the 20th inst.

The new and splendid steamship NORTH STAR, Capt. Kennedy, will leave San Francisco, California, on the 5th of each month, for the above ports, connecting at Panama with the steamer for Aspinwall, touching at Port Lavalle, Nicaragua, on the 5th of January, 1859, and on the 5th of each succeeding month.

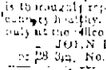
These ships are built in the most substantial manner, with all the modern improvements, and are commanded by experienced officers. Every attention is paid to the comfort and safety of passengers, and no pains or expense will be spared to render the line worthy of the liberal support it has received.

For freight or passage apply to

JOHN P. DAVIDSON, Agent,
No. 3 Bowling Green, New York.

WINTER ARRANGEMENT.

NEW YORK & PORTLAND.



The Splendid and Fast Steamer

Chesapeake,

Capt. SIDNEY CROWELL, will run regularly between *New York and Portland*, as follows:

Leaves Brown's Wharf, Portland, every SATURDAY, at 5 P. M., and returning, leaves New York, Pier 12 N. R., every TUESDAY, at the same hour.

The vessel is fitted up in a commodious manner with fine accommodations for passengers making this the most speedy, safe and comfortable route for travellers between New York and Maine.

PASSAGE $5.00—including Fare and State Room.

Goods forwarded by the line to and from Montreal, Quebec, Bangor, Lewiston, Augusta, Boston and New York, connects with steamers for Fredericton. Cash taken through with Express at the lowest rates.

Shippers are requested to send their freight to the Boat before 5:30 P. M. on the day that she leaves Portland.

For freight or passage apply to

EMERY & FOX, Long Wharf, Boston.
H. B. CROMWELL, Brown's Wharf, Portland.
Pier 12 N. R., New York.

Portland, July 19, 1858.

California Steamers,

Carrying the United States Mail,

Sth and 20th of each month.

Through Tickets, the sailing transit of the Isthmus, via Panama.

CAUTION TO THE PUBLIC.

On account of the numerous frauds and impositions practiced on travellers, I have found it necessary to place but one authorized agent in California, to sell Tickets at the only established Agency of the United States Mail Steamers, as below.

By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York on the 5th and 20th of each month.

Passengers for the Isthmus will please observe that all connections from the Isthmus are made with the Mail Steamers of the 5th and 20th of each month, and that no other connections are made. Through Tickets cannot be obtained at any other office in the Isthmus.

Departures on the 5th of February, May, July, September, November and January, and on the 20th of March, April, June, August, October and December.

Passengers are landed at Aspinwall, and proceed by railroad to Panama, a distance of forty-seven miles, in three hours, thus avoiding the unhealthy climate of Chagres, and the dangerous navigation of the Chagres River and Lake Gatun.

Arrangements have now been completed for the regular U. S. Pacific Mail Steamers to leave Panama for San Francisco immediately on the arrival of the United States Mail Steamers, thus enabling passengers by the Mail Line to make short passages, with the greatest comfort and safety to health.

N. B. Tickets cannot be procured for any of the steamers by the mail from Europe, and persons arriving at Panama, and wishing to secure passage, should call on the undersigned.

CHARLES MORGAN, Agent,
No. 6 Broad Street, Boston.

LINCOLN'S
WATER PROOF BLACKING,
AND LEATHER PRESERVATIVE.

Keep your Feet dry, and you will seldom need a Physician.

It is a fact, that the most of what are often called colds, and the greatest causes of coughs and consumption, is a wet foot. It is a fact that leather is often wet, and not detected. It soon becomes hard, stiff, full of cracks, and wholly ineffective as a water-proof. This is remedied, by the application of this preservative, to prevent soot, and thereby lengthening its days.

After being engaged for 25 years in the manufacture of Leather in all its branches, and having often wished, with wet feet myself, I was led to experiment for different compositions, and found a way to make it water proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the material of which leather is composed. It will not only make leather water proof, but it is likewise a preservative, and will

"Positively wear twice as long."

I have now used it for three years, and a large part of that time have worked in a wet tannery with my boots constantly in water, and have not had a cold, or feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

Manufactured by

dec1 HERMAN NOYES, Supt.

THE HATCH HOUSE,
Main Street, Bangor, Maine.

THE above has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharf, Passenger Depot of the E. & K. Railroad, around from which coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, render it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.

By strict personal attention to the comfort of its guests, the proprietor hopes to receive a liberal share of patronage.

NATHAN PERRY, Jr.

Bangor, Feb. 25, 1856

LOCK.

THE LUXURY AND PROFIT OF HONEY MAKING

Torrey's Bee Hive.

THE subscriber, having purchased the right of making and selling *Torrey's Patent Bee Hive* for the Counties of Penobscot, Piscataquis and Aroostook, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Dover Platform, and to sell rights to towns and individuals.

This Bee Hive, that is approved and admitted by persons acquainted with the honey making business to be superior to any thing yet invented for the purpose. It covers all the requisitions for the profitable manufacture of the apiary, by providing for keeping bees at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the prevention of the swarms, and generally for the health and comfort of the workers.

The Honey taken from this Hive for selling Honey, are the best and sell in the market for the largest holding from ten to fifty pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For one fifty swarms of bees, with the most liberal

For hives, individual rights, &c. address

Feb 5-dlaw Fifth street, Bangor.

DR. HOBENSACK'S
Worm Syrup and Liver Pills.

PROBABLY one reason why Worm Medicines so frequently fail of any good effect, is the fact that they do not operate except as a Purgative. Consequently in many instances where we think the symptoms of disease and constant feeling of worms, when the cause of disease is not worms, but a deranged state of the system and consequent debility and ill health, no good results follow, whereas in the use of Dr. Hobensack's Worm Syrup, it being a tonic as well as a worm killer, the patient almost gets well though no worms are expelled, and if it does not, the tonic effect is sufficient to bring away the worms, but builds up and restores the patient to permanent health, which is desired.

American Safety Paper Manufacturing Company of N. Y.

Capital $500,000.

A. NICHOLAS, President. Office, 70 Wall-st.

A Perfect Security against all manner of Fraud or Counterfeiting on Paper—To Prevent Photographic and Analytic Counterfeits, Erasures, Transfers or Alterations.

HAVING purchased the Patent, for the exclusive right to manufacture and sell the Chemical Paper, in America, invented and patented in England by HENRY GLYNN, a celebrated chemist and office in the British army, it is hardly necessary to say that the Paper is precisely as recommended by Mr. Kent, Assayer of the U. S. Mint, Mr. Lyman of the New York Clearing House, and Meade Brothers, extensive and skillful photographers, 253 Broadway, N. Y. The latter say, that no imitation can be made on a check or bank note printed on the Safety Paper. Below is our list of prices:

Bank Checks—35 cts. per lb.
Bank Bills—$18 for 1000 sheets.
Bills of Exchange—$26 for 1000 sheets.
Promissory Notes—40 cts. per lb.
Steel and Plate Printing—$26 for 1000 sheets.
Insurance Policies—40 cts. per lb.
Railroad Stocks and Bonds—40 cts. per lb.
Bank and State Stocks—40 cts. per lb.
Bonds and Mortgages—40 cts. per lb.
Wills and Deeds—40 cts. per lb.
For wrapping Silks and other fine articles, it is excellent, as it prevents moths. 40 cts. a lb.
For Indentures and Agreements, 40 cts. a lb.
All State and County Records should always be printed or written on this paper, as Chemicals inserted in the pulp not only prevents erasure or transfer, but makes it lasting as time.
For Southern climates it is excellent, and much superior to any other, as the moistness of the climate does not destroy it,—the properties inserted in the pulp being a preventive. In all the Southern States, Cuba, the West Indies, and the Central American States, no public records can be kept for 50 years written on the ordinary paper, while the ink and other chemicals inserted in this paper makes it indestructible by the ravages of time. It is also proof against moths, rats, and other vermin, which destroy and destroy all other paper now in use.

The Company have now in operation Mills in Morris County, N. J., of about 300 horse power, and are able to fill all orders for Paper at the shortest notice.

All orders for the Paper must be addressed to A. NICHOLAS, President of the Company, No. 70 Wall street, New York.

July 20

American & Foreign Patents

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, under the Act of 1857.)

70 State St., opposite Kilby St.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States, Great Britain, France, and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made in American or Foreign works, to determine the validity or utility of Patents or Inventions, and legal or other advice rendered in all matters touching the same. Copies of Specifications of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patentability of inventions, unsurpassed by, if not incomparably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and the SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add, that the abundant reason to believe, and can prove, that at no other office the applicants are the charges or professional services so moderate. The immense practice of the subscriber during twenty-five years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond doubt then, to offer superior facilities for obtaining Patents.

A decease by of a delay by Washington, to procure a patent, and the usual great delay there are here saved in caveats.

TESTIMONIALS.

Extract.—Mr. Eddy was one of the most capable and successful agents I ever had to deal with. I have no hesitation in recommending him to inventors.

ELIAS HASKINS,
Commissioner of Patents.

I have much pleasure in recommending R. H. Eddy, Esq., as a gentleman of high professional character and ability, and one perfectly competent, and in every way reliable, to procure patents for inventions.

EDMUND BURKE,
Late Commissioner of Patents.

Washington, D. C.

R. H. Eddy has done for me FIFTEEN applications for patents, all of which have been granted, at the same number of different times, and I have never had occasion to complain of his charges, which were very moderate, or of his want of promptness and ability in the transaction of my business.

JOHN TAGGERT.

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made application for SIXTEEN APPEALS, IN EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

R. H. EDDY.

Boston, Sept. 1, 1858 (Standaway

READ! READ!! READ!!!

Many persons suffer severely by sore or weak eyes. The inflammation, or fire on the snow almost blinds them, their eyes water, when they are exposed to a slight wind, or have an object or ray of light strike against them, they suffer from great pain, burning sensation, as if dust was thrown in the eye, they are unable to read or write by gas or lamp light. All these troubles can be remedied by the use of

Dr Pettit's American Eye Salve.

Rev. CYRUS M. Woodward, writes: *GOGGLES and GLASSES, my companions for eighteen years, have been laid aside. I now visit the scenes of my earlier studies, at a distance with the naked eye.*

THE LIVER NVIGORATOR

PREPARED BY DR. SANFORD,

Compounded entirely from Gums,

IS ONE OF THE BEST PURGATIVE AND Liver Medicines now before the public.

These Gums remove all morbid matter from the system, supporting in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purify the blood, giving tone and health to the whole human machinery, removing the cause of the disease—effecting a radical cure.

By Gums attacks internal cure, and what is better, prevents by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before selling prevents nightmare.

Only one dose taken at night loosens the bowels, and cures Costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two teaspoonfuls will relieve a Headache.

Only one dose taken will instantly relieve Colic, while

All who use it are praising their own mouthfuls testimony as to favor.

We undertake to say that no other Liver Medicine can be used in connection with the Invigorator, and excellent results follow.

Price One Dollar per Bottle.

The Boston Journal

FOR 1859.

"The Favorite Paper of New England."

Published Daily, Semi-Weekly and Weekly.

Payment invariably in advance.

In announcing the terms for THE JOURNAL for 1859, the proprietor deems it unnecessary to describe its peculiar characteristics as a newspaper, or to make any special promises for the future. He desires it to be understood that

THE BOSTON JOURNAL

has been, and the present management will be, conducted on principles entirely independent of party, by parties thoroughly conversant with the business, and that the leading object of the proprietor is to render it a first class family newspaper, containing the latest and most reliable intelligence from all parts of the world, and the fullest reports of all matters of interest in the commercial, literary and political circles, and that no pains or expense will be spared to render it worthy of the liberal support it has received.

The great success which has attended the introduction of the Daily and Semi-Weekly Journal, and the unprecedented increase in the circulation of the Weekly Journal, call for no remarks.

Circulated by Circulation

since its establishment, the Boston Journal has never published the circulation of any of its editions, preferring to leave that matter entirely to the judgment of its patrons. But in view of the fact that the Boston Journal is now generally conceded to be the leading family newspaper of New England, and in the belief that the publication of the circulation of the Weekly Journal, which is now nearly

Twelve Times as Large

as that of any other paper in New England, will be interesting to its readers, the following statement of the number of copies printed of each edition during the year 1858 is published:

BOSTON DAILY JOURNAL.

Morning and Evening.

Contains the latest news by mail and telegraph up to the time of going to press. It is printed on new type, from *Hoe's Patent Rotary Press*, and has the largest circulation of any daily paper published in New England. Its commercial, financial and market reports have been carefully distilled, and in point of fullness and accuracy are unsurpassed. Its literary department is prepared with especial care, and no pains or expense will be spared to render it a family paper, the Sunday edition of which will be found invaluable.

BOSTON WEEKLY JOURNAL.

Great Success of the Club Plan.

Three years ago this popular paper was considered sufficiently large to induce the publication of a Semi-Weekly Journal, and the success of the latter has been so great as to make it necessary to enlarge the paper to its present size.

The Weekly Journal

Two copies, one year,.....$3 00
Five copies, one year, to one address,.....10 00
Ten copies to one year, to one address,.....20 00

And one copy to the getter up of the club.

Twenty copies one year to one address, *and two copies to the getter up of the club.*

PAYMENT TO BE MADE IN ALL CASES

INVARIABLY IN ADVANCE.

When the expiration of the time named for which any Club money is paid, a notice to that effect will be sent to each subscriber, and the paper will be stopped unless a renewal is made.

The great success which has attended the introduction of the Daily and Semi-Weekly Journal, and the unprecedented increase in the circulation of the Weekly Journal, call for no remarks.

Circulated by Circulation

INVARIABLY IN ADVANCE.

When the expiration of the time named for which any Club money is paid, a notice to that effect will be sent to each subscriber, and the paper will be stopped unless a renewal is made.

THE BOSTON JOURNAL is forwarded to all the Newspaper and Periodical Depots in Boston, and all the principal depots in the cities of New England, and is delivered to subscribers by regular carriers at the residences and stores. Subscribers in the villages in the vicinity of Boston will receive their papers regularly and promptly by mail, as soon as published.

Orders for either of the publications of the Journal must be invariably accompanied by the cash, and should be addressed to

CHARLES G. ROBINS,
12 Exchange Street, Boston.

To newspapers that will copy this prospectus with an editorial notice directing attention to it, and send a copy marked to this office, we will send the Daily Journal for one year.

NO MOTHER

Should be without

MRS. WINSLOW'S

SOOTHING SYRUP,

FOR TEETHING CHILDREN.

It is safe to afford Relief and Health to the infant and Comfort to the mother.

10. W. ATWELL, Deering Block, Portland, General Agent.

Sold by dealers in Medicine everywhere.

The Late Boston Notices, &c.

1. Subscribers who do not give notice to the contrary are considered as wishing to continue their subscriptions.

2. If subscribers wish to have the direction of their papers changed, they should inform them until all arrearages are paid. Subscribers are responsible for all the papers sent to them until all arrearages are paid, and all such are required to pay up before they desire.

TO ADVERTISERS.

As an advertising medium THE JOURNAL is second to none in New England. Its circulation and unique system of classification have been carefully established, and in point of fullness and accuracy of reports, editorial ability, and literary merit, it stands unrivalled. The terms for advertising will be found in the publication of the Journal, which will be sent to any address on application.

The Boston Journal for Publishers.

The Boston Journal is published on the 2d and 16th of each month, in quarto form, containing 32 columns, and is devoted to the publication of Lists of New Books, Periodicals, &c., published in New England and the Middle States. It is mailed at the following rates, viz:

Single copies, one year,.....$1 00
Five copies, one year,.....4 00
Ten copies, one year,.....7 00

To newspapers that may desire to circulate a list of New England publications, the Semi-Weekly Journal is

Three Dollars a Year.

TO CLUBS:

Five copies, one year,.....$10 00
Ten copies, one year,.....20 00
